

CRDF Global invites all interested Ukrainian technology entrepreneurs and innovators to participate in Commercialization Pathfinder online training in the framework of its annual Science and Technology Entrepreneurship Program

## What

This course was developed jointly by CRDF Global and instructors from the Massachusetts Institute of Technology (MIT). It includes various modules covering different stages of technology commercialization.

## Where

Online

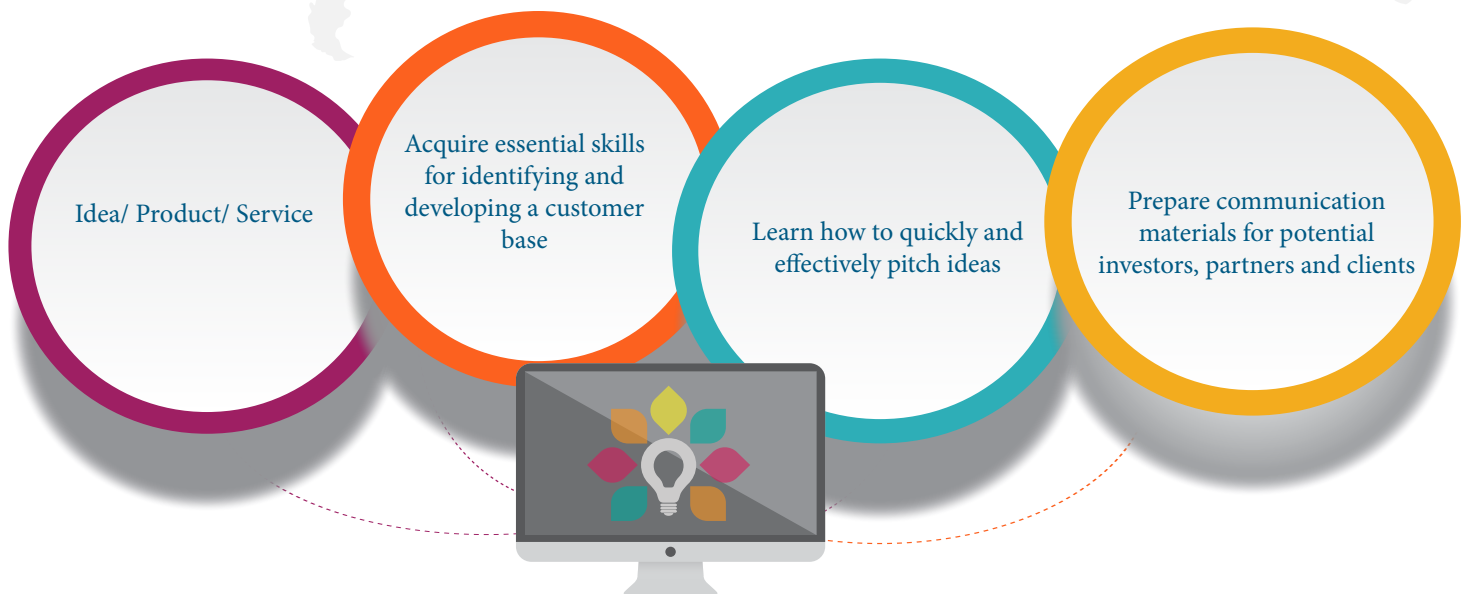

## When

Oct. 1 – Nov. 26, 2014

## How

Please email applications to Evgeniya Serveryanina at [eseveryanina@crdfglobal.org.ua](mailto:eseveryanina@crdfglobal.org.ua) or Alla Mirzoyan at [amirzoyan@crdfglobal.org](mailto:amirzoyan@crdfglobal.org) between June 30 and September 5, 2014.

**Objective:** Develop an understanding of the appropriate commercialization strategies for your technology

**The best participating teams will receive 3 months of mentorship training from US business experts**

Applicants that have been accepted to the program will be notified by September 21, 2014.

Weekly Commitment: 8-10 hours | Course participation is free

For any inquiries please contact Alla Mirzoyan at [amirzoyan@crdfglobal.org](mailto:amirzoyan@crdfglobal.org)
